Milestone Ceremony Honors Degree Recipients

On Wednesday evening we recognized students who earned enough credits to receive their Associate Degree. This initiative, which began last semester, honors students who reach the significant two-year Associate Degree milestone and encourages them to complete their baccalaureate degrees.

"This event provides us an opportunity to celebrate the achievement of these students. This is something that they have earned over a couple of years' worth of work that will provide added value to their name. I speak for the institution as a whole when I say congratulations to these students," GSC President Dr. Tracy Pellett said.
